CRISIS IN MINERS' WARFARE IS NEAR; PRESIDENT TO ACT

Assistant Secretary of War Says Situation in West Virginia Is "Most Serious."

MORGAN APPEALS AGAIN.

Governor's Second Request for Troops Now Being Considered in Washington.

WASHINGTON, Aug. 30.—Federal action may be taken in the West Virginia mine situation before night, it was indicated today at the White House. The nature of the possible action was not revealed, though it was said President Harding and responsible officials of the War Department were awaiting reports from an investigation already under way.

Late reports from the West Virginia mine area indicate the situation is "most serious." Assistant Secretary of War Wainwright said today.

Action to be taken by the Government in response to Gov. Morgan's latest appeal for Federal troops in West Virginia was discussed at a conference of Secretary of War Weeks, Assistant Secretary Wainwright and Assistant Chief of Staff Harbord.

The Federal Government and the West Virginia Government are now engaged in a debate over whether the State can cope with the situation. Three times within a few months the Governor has appealed for troops, and twice the Federal Government has declined to intervene, each time with an indirect rebuke.

Gen. H. H. Bandholtz, War Department investigator, in his report on the situation asserts that the State made "only a feeble attempt" to prevent the gathering of the miners. He pointed out that the State constabulary numbered 200 and expressed the opinion it had not been properly used. The State National Guard also should have been called, the report indicated.

CHARLESTON, W. Va., Aug. 30.—Between 2,000 and 3,000 armed men have assembled at Jeffery, in Boone County, close to the Logan County line, according to official advices received here today. They are within easy striking distance of the disturbed section of Logan County where four men were killed in a fight with State troopers and deputy sheriff Sunday morning.

The authorities also have been informed that some twenty-five automobiles, carrying armed men, dashed out of the Cabin Creek Valley near here this morning, and passing through Marmet continued up the Lens Creek Valley along the line taken by the men who set out to march to Mingo County last week.

MADISON, W. Va., Aug. 30.—Bands of armed miners are moving at intervals into Logan County, determined to carry out their intended "invasion," County Prosecutor Mullens reported to State authorities today.

Mullens said that the miners have left their homes and are trickling across the county line in bands of from a dozen to more than 500. This movement has been noted since early Sunday, he declared. The situation was viewed here as more serious than ever as a result of this turn in the miners' war.

President refuses to call Congress into session in West Virginia.

WASHINGTON, Aug. 30.—President Harding has declined to accede to the request of John L. Lewis, President of the United Mine Workers of America, for a conference between miners and operators to throw out the West Virginia coal troubles.

HUNGARIAN PEACE TREATY IS SIGNED IN BUDAPEST.

BUDAPEST, Aug. 30.—Associated Press.—Treaty of peace between the United States and Hungary was signed here yesterday afternoon by Foreign Minister Banffy and Grant Smith, United States Commissioner.

SOLDIERS AND POLICE DRIVEN FROM THE STREETS OF BELFAST BY RIOTERS BEHIND SANDBAGS

Disorders Renewed This Afternoon, Three Being Killed and Over 48 Wounded in Factory Section of City.

Two Persons Were Killed in Attacks During the Morning, Following Night Disorders and the Death of Two.

Armored Cars Used to Overcome Rioters — Bombs Thrown in Night Battle, Worst Police Experienced.

BELFAST, Aug. 30 (Associated Press).—Street fighting, which has been in progress since yesterday, became particularly violent after 1 o'clock today, the dinner hour at ninety factories in the side streets radiating from Duncairn Gardens and North Queen's Street.

One laborer was shot dead and several other persons were wounded, including one army sergeant. Civilians placed sandbags in the middle of the streets and maintained heavy firing against the police and military, who were forced to abandon the streets. Armored cars were summoned. At one time the pattering of bullets resembled a hailstorm.

The rioting continued throughout the afternoon and resulted in the death of two more persons. William Kennedy was shot dead in Earl Street and Annie Watson, a five-year-old girl, got into the line of fire in North Queen Street and was shot dead. Forty-eight persons wounded in the rioting were taken to hospitals.

BELFAST, Aug. 30.—Rioting which broke out in this city at noon yesterday and continued until after midnight began again at 1 o'clock this morning.

There was fierce fighting, in which police were forced to pour volleys into opposing mobs of Sinn Féiners and Loyalists in an effort to quell a renewal of yesterday's internecine warfare.

Fourteen casualties were reported up to noon, one of them a woman, two more persons being killed, making four that have died in the fighting of the last twenty-four hours.

The rioting continued, despite efforts of forces of the Crown, who used armored cars.

During the fighting yesterday and last night two persons were killed and six were wounded.

The rioters, who were particularly active in North Queens Street and along the new Lodge Road, ignored

U. S. TO PROSECUTE THE "MOVIE TRUST"

Formal Complaint To-Morrow After Extended Investigation of Whole Industry.

WASHINGTON, Aug. 30.—Action against an alleged "movie trust" has been decided upon by the Federal Trade Commission. It was learned authoritatively today.

Papers will be issued to-morrow citing the Famous Players-Lasky Company for alleged violation of the Federal Trade Act, prohibiting unfair practices, and the Anti-Trust Law. The complaint, it was learned, will charge violation of Section 7 of the Federal Trade Act and Section 5 of the Anti-Trust Law.

The commission has been making an extended investigation of the moving picture industry as the result of complaints by production companies other than Famous Players-Lasky, considered one of the largest in the country.

Officials of the commission declined to reveal the alleged violations of Federal laws, but stated these would be cited in the formal complaint, which will be served to-morrow.

KING GEORGE GETS RIGHT TO SUE FOR 2 BARRELS OF OIL

Suit to Be Brought Against Bankrupt Concern Here.

In the name of King George V. of England application was made today to Federal Judge Edwin M. Thomas of Connecticut, now temporarily sitting in Brooklyn, for permission to bring suit against Marden, Orth and Hastings Company, Inc., for the value of two barrels of butter oil, \$152.46.

The King's attorneys obtained the permission asked. The concern, now known as the Industrial Ownership Corporation, has offices at No. 135 Liberty Street, and is bankrupt. Thorndike & Fehr, importers and exporters of No. 26 Broadway, are acting for the British Crown.

LIFE LENGTHENED 4 YEARS IN LAST 25, SAYS DOCTOR

Insurance Statistician Declares Traditional "Three Score and Ten" Will Soon Be Obsolete.

COLUMBUS, O., Aug. 30.—The average life of man has lengthened four years in the last quarter century, despite the crime wave, war, automobile and other hazards.

"Within another generation, the allotted three score years and ten will be a thing of the past," Dr. George W. Hoagland declared today, basing his claims on statistics of the American Insurance Union, of which he is secretary.

"Improvements brought about in sanitation, the nation-wide anti-spitting fight, and other steps have contributed toward man's longevity," Dr. Hoagland said. "Severe epidemics of typhoid and malaria, which formerly took such a huge toll of life, no longer are known."

GORKY'S COMMITTEE REPORTED ARRESTED

Members of All Russian Relief Body Said to Be Held in Moscow.

REVAL, Aug. 30.—Members of the All-Russian Relief Committee have been arrested, it is said in despatches from Moscow. It was reported on Saturday that this committee, formed by Maxim Gorky, author and editor, for the purpose of going abroad in the interests of Russian famine relief, had been dissolved. Associated with Gorky in the plan were representatives of various political parties in Russia.

Recent despatches have stated that Leonid Krasin, Soviet Minister of Trade and Commerce, and M. Kischkin, a former leader of the Social Democratic Party, were members of the committee.

LONDON, Aug. 30.—The Russian Soviet Government charged that the All-Russian Relief Committee intended to overthrow the Soviet Government.

GETS 10 DAYS IN JAIL FOR HITTING PECKING BOY

Guard at Jack Johnson Exhibition Is Sentenced.

Peering through a knothole to watch Jack Johnson box, or to get a peek at any prominent person, does not warrant assault on the part of guards employed to keep away "unpaying guests," Magistrate Hattling ruled in Morrisania Court today. He fined Albert Daut, nineteen, employed, \$50 for having hit Leonard Goldblatt, nine, of No. 845 Bockman Avenue, the Bronx, with a piece of rubber hose.

Leonard and several other boys were watching glimpses of the former heavyweight champion at Hunts Point Casino when Daut appeared. The boy, in ducking the blow, which hit him on the shoulder, struck his head against an iron pocket and was knocked unconscious. The Bronx County Children's Society brought a charge against Daut. The prisoner did not pay the fine and was sentenced to ten days in jail.

CHRISTY MATHEWSON OUT, FIRST TIME IN MONTHS.

Famous Pitcher, Ill at Saranac Lake, Visits Village Barber.

SARANAC LAKE, N. Y., Aug. 30.—Christy Mathewson appeared on the street of this village today for the first time since his arrival here several months ago in quest of health. Mrs. Mathewson drove him in an automobile from their cottage to a barber shop in the village, where the famous pitcher of the Giants submitted to the attention of the proprietor.

Christy appeared to be of normal weight. To-day's trip was the first step in increase of exercise and a rapid return of strength and health, his friends said.

BRITISH ASK CHANCE TO LIVE, WORK AND PAY.

Complain to Senators That Certain Duties Are Prohibitive.

WASHINGTON, Aug. 30.—British makers of high speed steel appealed to the Senate Finance Committee today to save them from what they termed the "prohibitive" import duties carried in the Fordney Tariff Bill. They pleaded for readjustment of the rates so that they, as Englishmen, might be allowed "to live, to work and to pay what we owe you."

The British representation was made by Arthur Balfour, heading a deputation from the Sheffield Chamber of Commerce. He said: "We know that the peace of the world depends on you and us. We ask for no favoritism. We never have dreamed of any regulatory measures. We contemplate no throat cutting. The only way we can pay you is in trade in goods. That we are very, very anxious to do."

HOTTEST AUG. 30TH ON RECORD IN NEW YORK.

90 Degrees at 2 P. M., a 20-Point Rise Since 7 o'Clock.

August, not content with having established a record for coolness, today established a record for the hottest day in the history of the local Weather Bureau. At 2 o'clock the thermometer atop the Whitehall Building touched 90 degrees and was still going up. The last time 90 degrees was registered was during the hot spell of six days which closed July on the 27th, to be exact.

It was coolest at 8.15 to-day, when the thermometer registered 70. At 11 it was 81, at noon, 85, at 1 o'clock, 87, and at 2 P. M., 90 degrees.

"The sky is clear, the wind is from the southwest, and it's August," was the terse explanation of the weather officials here for the heat. To-morrow will continue warm, it was said, but no attempt was made to prophesy if heat or cool would attend the entry of September.

THREE BANDITS ROB JERSEY CLUBMEN AT PISTOL'S POINT

Raid Rooms of West Hoboken Organization, Taking Watches and Money.

\$300 IN CASH GONE.

Bandits Escape After Threatening Victims With Death—Four Arrested Later.

Ten members of the Italian Recreation Club, an organization composed of wealthy Italians of West Hoboken, were interrupted in their card games in the club headquarters, No. 146 Clinton Avenue, early this morning by the command:

"Hands up!"

Three masked men advanced into the room, covering the clubmen with revolvers. At the door, as a guard, stood two others of the robber band, unmasked, but with ready pistols.

Ten pairs of hands went ceilingward, and then, at a further command, the club members lined up against the wall.

"Make any break or any noise, and we'll shoot," was the threat which the two at the door stood ready to carry out while the three with masks went through the pockets of the cowed and helpless Recreation members. The yield of plunder was \$300 and four gold watches.

Having searched their victims, the robbers gave further warning that any attempt to prevent their escape or to follow them would result in instant death. The robbers backed out of the club room and made off.

Waiting until they thought it safe to do so and live, the clubmen notified the police, who sent an alarm all over Hudson County.

On Hudson Boulevard, an hour later, policemen of Jersey City arrested four Italians, all of whom, they say, were armed. They were taken to the Oakland Avenue Police Station in Jersey City and word was sent to the men who had been robbed to come and see if they could identify them, which they will do today.

PRISON RECORD OF HOEY A SHUT BOOK TO POLICE

Thought Him in Elmira, When He'd Gone to Sing Sing and Been Paroled.

COURT IN DARK, TOO.

Young Gangster Formally Arraigned on Charge of Killing Policeman.

What strange influences are at work in courts of justice and in prisons which apparently place above the law such criminals as William F. Hoey, today formally arraigned in the Jefferson Market Police Court and held without bail for the murder of Patrolman Daniel F. Neville?

Hoey was watchman in the junk yard running from 35th to 39th Streets, near 11th Avenue, on the edge of "Hell's Kitchen," where Neville was shot to death in a shanty last Saturday night. The police are now trying to ascertain how long Hoey has been out of Sing Sing. They didn't know that he had been in Sing Sing, let alone that he had been paroled.

When he was arrested on Aug. 13 last for robbery in the first degree, they were amazed. Their records showed that he was in Elmira under sentence for robbery in the 1st degree, which means imprisonment for from one and one-half years to twenty years.

Hoey's recent record shows the laxity of the law's officers and the ease with which criminals get in and out of prison, and the bad handling of bail bonds, notwithstanding the investigation of The Evening World some time ago which brought promises from the office of the District Attorney of reforms in that direction.

It has been developed that there is no apparent co-operation between the police, the District Attorney's office and the State prisons. The police declare, so far as they are concerned, when a prisoner goes to prison his record is lost to them.

The altered crime on Aug. 13 for which Hoey obtained his release on \$5,000 bail while on parole from Sing Sing was the hold-up of a pool parlor in 44th Street, near 11th Avenue. Hoey, it is claimed, held up Michael Delino and while he held a gun to his stomach, took \$50 from him and fired a shot at him which went through the ceiling. The shot attracted Patrolman McKay of the West 47th Street Station, who made a round-up of those in the place, and Delino identified Hoey as the man who had robbed him. No weapon was found on Hoey.

In the West Side Police Court Hoey was held for General Sessions by Magistrate Hattling in \$5,000 bail.

TAMMANY WORKER ADMITS HE GOT \$1,650 FOR TRANSFER OF CITY MARKET PERMITS

Acting Inspector Donahue Is Summoned to Court on Oppression Charge.

Former Assistant District Attorney J. Ward Pollette added another to the rapidly mounting list of criminal actions against policemen who have ignored the law requiring warrants in cases of invasion of property, by obtaining from Magistrate McQuade in West Side Police Court today a summons calling upon Acting Inspector Thomas Donahue of the Third Inspection District to appear to-morrow morning and answer to a charge of oppression. The complainant is Michael T. Browne, proprietor of a cafe at No. 724 Columbus Avenue.

On last Friday detectives entered Browne's place and searched it but found no liquor. One of the detectives sealed a drawer in which he said he had reason to believe liquor was concealed. He has not returned since.

Soon after the detectives departed a uniformed policeman entered the cafe and established himself as guard. Every eight hours since the guard has been changed.

Donahue is filling in for Inspector Boettler who is taking a vacation. His regular job is Captain of the West 100th Street Station. On April 15 precinct detectives acting under his direction seized 48 cases of beer in Browne's place and made an arrest. The beer was analyzed and found to contain less than 1 1/2 per cent. of alcohol. It was returned to Browne after he replenished it.

In May precinct detectives raided Browne's place without a warrant and arrested a bartender on the charge of possessing two bottles of alleged whiskey. The case is awaiting determination. Browne recently brought a civil suit against Donahue for \$25,000 damages.

SAYS HOCH RAIDER WAS INTOXICATED

Cafe Keeper Declares His Refusal to Drink With Policeman Caused Arrest.

Testimony given in the hearing of Harry Ogles, a cafe keeper of No. 578 Eighth Avenue, accused by Patrolman McQuade, formerly of the West 47th Street Station, of possession of a quart of whiskey in his place of business, prompted Magistrate McQuade to issue a subpoena in West Side Police Court today calling on Acting Inspector Thomas Donahue to appear in court to-morrow morning to testify.

TWO BIDS SUBMITTED FOR VOTING MACHINES.

Labor Protests, Claiming They Are Not Union Made.

Two bids to equip New York with voting machines were received today by the Board of Elections. The Automatic Registering Machine Company of Jamestown, N. Y., offered 350 machines for \$230,875; K. E. Alexander, purchasing agent for the city of Minneapolis, offered 225 second hand machines for \$20,000, explaining that the new law there forbids the use of machines.

Union labor representatives protested against the acceptance of either bid on the ground that the machines were not made by union men nor under union conditions. The matter was referred to the Corporation Counsel's office.

NEW PROSECUTION FOR LIQUOR RAID WITHOUT WARRANT

Acting Inspector Donahue Is Summoned to Court on Oppression Charge.

Burglars? No! Just a Skeeter Hunt in Jersey

Police Lay Siege to House and Find Two Boarders in War on Pests.

Sergt. Lyng, at the City Hall Police Station in Jersey City, received telephone calls from excited women at 2 o'clock this morning, informing him that burglars were ransacking the home of Mrs. Mary Gray, No. 7 Hampton Court. The Sergeant sent out the reserves, a squad of motorcycle police and as many detectives as were available.

One of the latter climbed a telephone pole and saw a flashlight going on and off in a third floor rear room. He also saw two men in sailor uniform. On his report the house was surrounded, two policemen climbed up the rear fire escape and the others broke in the front door. The two sailors rushed downstairs but stopped short when they saw the revolvers.

"We're not robbers," they protested. "We rented the room upstairs, but the mosquitoes are so thick we can't sleep. We tried turning on the electric light to kill them, but the sick things would hide every time the light went on. So we took our flashlight. The mosquitoes thought it was a lightning bug and swarmed around."

The sailors then took the police upstairs and exhibited the corpses of several hundred mosquitoes. By this time Mrs. Gray had returned and corroborated the story of her two boarders. The police entry reads: "Excitement while waiting for an attack of mosquitoes."

PUSH CART MEN TELL OF FEES PAID TO SUPERVISORS.

This afternoon the Committee heard from pushcart peddlers of the amounts collected by semi-official supervisors as fees for keeping the open markets on certain streets and under the bridges in sanitary condition.

The Committee had been informed that these amounts were so great and levied in a manner to suggest extortion and oppression.

James H. Turner, a Washington Market fish man, swore he had made a gift of \$500 to General Market Inspector Charles A. Winter in gratitude for obtaining a stand transfer. Vice President Eger swore last week he informed Mr. Turner that Winter must be paid \$500 as a price of the transfer. Mr. Turner, however, insisted he had refused to pay tribute and threatened a court fight, but after the transfer was issued voluntarily gave the money to Winter.

Former Senator Brown announced that Commissioner O'Malley would be called as a witness to-morrow to give him an opportunity for any statements or explanations he cared to make—if the Commissioner would seek a waiver of immunity from criminal prosecution.

Senator Bernard Downing asked if the Commissioner would be barred

Luger, Henchman of Peter J. Dooling, Says He Kept All Except \$500, Which He Gave to Irish Fund—O'Malley Must Waive Immunity if He Testifies.

John L. Luger, formerly an election district captain in the Fifth Assembly District under Tammany Leader Peter J. Dooling, told the Meyer committee today of collecting \$1,650 from his employers, George H. Lewis & Sons, Inc., as the "expense" of getting West Washington Market stands transferred in the office of Commissioner of Markets Edward J. O'Malley.

Mr. Luger said he kept all of this money for himself except \$500, which he gave to the Irish Relief Fund at the instance of Peter J. Dooling, who had interceded for him before Commissioner O'Malley. All the persistent and tactful questioning of former Senator Elton R. Brown, who took up the questioning after Leonard M. Wallstein had done his best with the witness, failed to get an admission that any of the \$1,650 was paid directly or indirectly as a bribe to anybody.

George H. Lewis, who heard the testimony of his former employee, was recalled to the stand and asked whether he knew the money paid to Mr. Luger by him went into Mr. Luger's private pocket.

"He did not tell me he was going to keep it," Mr. Lewis said, with evident strong feeling. "I did not know he was going to keep it. I did not believe he was going to keep it."

According to Mr. Luger's story, the contribution to the Irish Relief Fund was the only substantial subscription, he had ever made for a benevolent purpose. He was at the rooms of the Peter J. Dooling Association the day after a transfer was issued, to pay the expenses of obtaining which Mr. Lewis had given him \$1,000 in cash and checks. He had deposited \$475 to his own account in the Greenwich Bank. He had \$25 in his pocket.

"Mr. Dooling says to me," testified the witness: "Say, Jack, what are you going to do for the Irish Republic? I says: 'Here you are, boss. Here's \$500.'"

"But Mr. Dooling did not handle the money. It was put in the hands of Acting Secretary Burke of the Dooling Association to be donated to the relief fund. Mr. Luger did not obtain a receipt for it at the time. When asked for the receipt by the Meyer committee's sub-committee he went to Mr. Burke and got one. He said he didn't know that Mr. Burke had destroyed all the receipt stubs except his own and two others, and that the \$500 gift made up more than half of the \$500 donated through the Dooling Association and that the others were mostly in amounts of \$1.
